

Palmetto Roofing Specialties was founded in South Carolina on the values of honesty and integrity. In 2016, we started with one crew and a steadfast commitment to quality roofing and exceptional customer service. Over the years, our family-owned business has grown exponentially, adding key team members who have shaped our business and helped us expand into North Carolina. But what hasn't changed at all is our focus on doing right by our customers and the communities we serve!

The Carolinas are no stranger to storm damage, a problem that many of our customers face regularly. We know that this can cause major problems down the line for your home, which is why we perform rigorous inspections to determine the right solution for your property. Whether it means a simple repair or a full replacement, we are here to provide services that will last in the long run.

Too often, our communities get conned by unlicensed storm chasers who are looking to make a buck. We prove ourselves to be different by focusing on our local communities and providing each customer with a copy of our license and insurance. At the end of the day, we want you to have peace of mind and the assurance that we will lead you through every step of the roofing process. We are fully committed to being trustworthy, caring, and focused on you, our client.
